Shakers - Mixers - Autoclaves

# Autoclaves (VERTICAL)

## Sterizone Series

Since 1978, Pisces has supplied over a hundred Vertical and Horizontal Autoclaves installed all over the country.

Embarking on an on-going programme to upgrade the specifications of current autoclaves to international standards, the current STERIZONE series comes with features just optimal for efficient, economical and specification-compliant for both lab as well as industrial use.

## Features

- Automatic & Manual Control Models are available
- Inner Chamber is Made of Thick gauge Stainless Steel SS 304
- Outer Chamber is also made of thick gauge Stainless Steel SS304
- Zirconium Wool insulation is provided to arrest radiation of heat.
- Thermostatic control auto pressure cut off.
- Dual Pressure gauge indicator
- Heavy gauge wing nuts for perfect locking.
- Water Level indicator for safety
- Heavy duty heating coil to give faster heating and long time durability

## Specifications

Feature	Vessel		Performance	Power	
	Size (mm)	Volume (Ltr)	Max. Temp (°C)	Voltage (AC)	Wattage (kW)
SVC 22	250 X 450	22	200	220	1.5
SVC 30	300 X 450	30	200	220	2.0
SVC 50	350 X 550	50	200	220	2.0
SVC 100	450 X 650	100	200	220	4.0
SVC 150	500 X 600	150	200	220	6.0
SVC 175	550 X 750	175	200	220	9.0
